

INITIAL ANNOUNCEMENT

Interventional Pulmonology League - IPL 2016

10th CME on Stepwise Approach to Interventional Pulmonology

Organized by **Institute of Pulmonology, Medical Research & Development**

Date & Venue: **4th & 5th June 2016. Hotel Sofitel, Bandra Kurla Complex, Mumbai, INDIA**

Institute of Pulmonology Medical Research & Development (IPMRD) is engaged in enhancing clinical, research and educational activities in the field of respiratory medicine.

IPMRD has been conducting academic workshop's, CMEs on Interventional Pulmonology for last seven years. We are pleased to announce our 10th National CME on Stepwise Approach to Interventional Pulmonology on 4th & 5th June 2016 at Mumbai.

This CME shall be an unique combination of case based discussion's along with workshop's in the field of Interventional Pulmonology. We aim to cover basic understanding, practical approaches & newer advances in the field of Bronchology with hands on workshops.

How IPL 2016 is different from the previous ones?

We deeply appreciate the feedback received from our participants who have attended our previous workshops. Based on their recommendations this year will be different.

During IPL 2016 we shall have 2 days of workshops which shall be in the form of breakout sessions. Each breakout session will focus on a particular technique and comprehensively cover clinical and technical aspect of the procedure along with hands on training

The 1st half on both days shall cover the clinical aspects of a disease in which there is a role of diagnostic and therapeutic interventional pulmonology procedure

Topics to be covered:

1. Conventional Bronchoscopy
2. Safety issues during interventional pulmonology
3. Processing of pulmonary specimens: Practical Aspects
4. Medico-legal aspects of interventional pulmonology
5. Clinical Dead Ends – what next?: Role of Interventional Pulmonology
6. Chest Ultrasound
7. Interventional Pulmonology training in India
8. Pulmonary Alveolar Proteinosis

9. Master Class Workshops in Interventional Pulmonology
10. Flexible bronchoscopy
11. EBUS TBNA
12. Radial Probe EBUS
13. Pleura (Pleuroscopy, pleural drains)
14. Therapeutic bronchoscopy
15. Percutaneous tracheostomy
16. Bronchoscopy in ICU and operating room
17. Bronchoscopy in hemoptysis
18. High risk bronchoscopy
19. Interventional Pulmonology: Grand rounds
20. Tea with Experts in Interventional Pulmonology

Master Class Workshops:

- Endobronchial Ultrasound
- Pleura
- Therapeutic Bronchoscopy
- Conventional Bronchoscopy
